SCHOOL OF NURSING

RUTH SLEEPER, R.N., M.A., L.H.D,

Director

MASSACHUSETTS GENERAL HOSPITAL
SCHOOL OF NURSING

Dear Seniors:

This, my final letter to you as a class, carries both a message for today and for the years to come. All of the members of the Faculty and Nursing Service, who have guided your progress and watched your growth in nursing for the past years, record here for you to have always their congratulations and sincere good wishes. As you progress from student to graduate nurse we hope you are taking with you a sound basis for the practice of nursing, for your further education in nursing, and for your life wherever you may be.

This is the **end** of your final milestone in nursing. There is something always very significant about **endings.** This is the end of your school program, the end of your student life at MGH, the end for some of you of life in Boston or even in the East. Endings, indeed, but in another sense not endings at all but new beginnings. For the close of one phase of life is actually only the beginning of another. And you will find that each new phase as you progress takes meaning and strength from the preceding. These endings and beginnings form a kind of cycle, and the success of each beginning is dependent upon the effort and achievement of each ending which went before it. Whenever final responsibilities are carried through with the care equal to that expended when work is new and exciting, every course of study, every position, and every committee assignment becomes a stepping-stone to the next phase of an interesting series of endings and beginnings. May this first stepping-stone in nursing at MGH prove to be an open door to new self-dependence, new work, new opportunities, new life.

We shall all look forward to working with you if you join the MGH graduate family, or seeing you at meetings of the Alumnae Association if you live nearby. Or if, by chance, you are far away from MGH we shall look forward to your visit when you come home again. Our appreciation for your cooperation! Our best wishes for your progress!

Ruth Sleeper

DEDICATION

To you, Dave, who in your own humble way, have shown us the spirit of sincere friendliness, thoughtfulness, the value of a cheerful smile, and the gift of giving more of one's self than is demanded, we give our thanks and respectfully dedicate our yearbook.

THE FLORENCE NIGHTINGALE PLEDGE

I solemnly pledge myself before God and in the presence of this assembly to pass my life in purity and to practice my profession faithfully. I will do all in my power to maintain and elevate the standard of my profession, and will hold in confidence all personal matters committed to my keeping and all family affairs coming to my knowledge in the practice of my calling. With loyalty will I endeavor to aid the physician in his work, and devote myself to the welfare of those committed to my care.

CLASS HISTORY

August, 1954

Dear Sue,

It doesn't seem that six months have passed since coming to MGH, but tomorrow I head home for my two-week vacation before starting the clinical period. We spent our first weeks adjusting to the whole affair. We moved in, bag and baggage, to 92 Charles Street, a large old building on a downtown thoroughfare.

Classes at 7:30 next morning—oh, the confusion! Gradually we settled down. We studied in the kitchen, laundry, rooms at night and bath tubs in the morning. Anatomy, chemistry, pharmacology, micro, and oh yes, those nursing labs. We were scared both as nurse and patient in each new procedure; somehow we pulled through.

It hasn't been all work. Our section had a "Gay 90's" booth for the Spring Spree and won first prize. It was fun and we were mighty proud. The esplanade concerts are near. For a break (coffee) from studies and work there is the Riverside and Sam.

We've finished classes and finals, worked on a six-hour day on the wards the last two weeks and waited for marks. If we make it we return from vacation to the clinical period. Most of us go to Bulfinch, the original MGH, but some will go to Baker.

Will write later to keep you posted on what's happening to

Your school pal,
Cindy

March, 1955

Dear Sue,

No excuses, only I've been busy with three months of medicine and three of surgery.

Medicine meant our first reliefs. What a jolt! We really felt lost.

Surgery held our first night duty. Believe it or not, we're beginning to feel a little more like nurses.

We've moved to the hospital grounds since vacation and are about to become "S2's."

Colleges opened and MGH restarted monthly dances at Walcott. Different schools were invited each time and many met fellows whom we have dated since.

I must run to supper, but I'll write more later.

Your pal,
Cindy

MARCH, 1957

September, 1955

Dear Sue,

Did you think I'd ever write? This nursing business is a full time job and leaves little time to sit down to letters.

I'm writing this just after our section minus nine have left for our first affiliation, McLean. Three months of psychiatric experience at a beautiful estate hospital in the country. The remaining nine volunteered to work Polio so will go to McLean next year.

That's all for now. 'Til later—

Your pal,
Cindy

June, 1956

Dear Sue,

It's me again, late, but still here. I'm at Boston Lying-in for an affiliation in obstetrics now.

This month included June 15, our "big day"; capping in the morning, graduation in the afternoon, and our prom that evening. We wore "whites" although we continue wearing our "checks," black stocking and shoes until March. At least we have our tall caps to keep up our morale.

We've had a wonderful three years of being together, making new friends, and being part of an experience that can be found only at MGH.

Next time I write, I hope to sign—

Your pal,
Cindy "RN"

CLASS OFFICERS

Joan Monaghan, Georgiana Kachadorian, Barbara Czechowski,
Barbara Scharrett

As Class Officers for two years, this brave group took on the responsibility for many of the Calss Affairs. Our profitable Bazaar, the Senior Formal, the unforgettable Senior Class Show—plus the almost impossible job of collecting class dues from the chronically poor student nurse. Now we can only thank them for a job well done, and hope their future jobs will be easier than these.

It would be impossible to list accurately the many things SNCA has done in the three years we spent at MGH. However, as a class, we can "honor" those who served as officers, and thank them and the many committee members who worked with them for the many advantages and privileges they secured for us.

Officers: Patricia Ambrose, Frances Taylor, Mary Ann Carlson

S.N.C.A.

Staff: Roberta DeLuns, Barbara Farquhar, Anne Hanaway, Carole Pellicelli

YEARBOOK STAFF

To those members of the class who helped in any way with the yearbook, a heart-felt—THANK YOU! And a special thanks to Krys, Kitch, Bobby, Jean-Marie, Butty, and the others who did more than their share. We sincerely hope that you will like the book, and that it contains some of the things you wanted.

Good Luck from all of us.
